**Cc:** Al Hodsdon  
**Subject:** FR 9 (#83) SHORELINE RETAINING WALL

Hi Brent-

I briefed the planning board last night on your plans for improving your property at Fire Road 9 (#83) and your DEP NRPA approval of the sheet pile retaining wall. After a fairly long discussion, they have directed me to inform you that prior to starting construction on the shoreline retaining wall that you will need to submit a conditional use planning board application for the retaining wall. and receive planning board approval of the same. The reference is section 5.N of the Land Development Code. I have copied Al Hodsdon on this email as I presume he will be assisting you with the application.

Sincerely,

William Butler  
Town of China CEO
